

Environmental Policy

Concern for the environment is an integral and fundamental part of SFI of Ohio's business strategy. SFI of Ohio is a manufacturer of metal parts and assemblies for construction and military applications. SFI of Ohio has capabilities to burn, fabricate, assemble and paint various products used in both structural and exterior components. The main office and manufacturing are located in New Boston, Ohio.

SFI of Ohio is committed to good environmental management practice and the prevention of pollution in connection with carrying out its own business operations.

SFI of Ohio is committed to comply with all legal and other requirements applicable to meet legislation, regulations and contractual obligations and shall seek to make continual improvements by having established environmental objectives and targets to reduce its impact on the environment. These objectives and targets are reviewed by management weekly.

This environmental policy is publicized to all employees, ensuring that they are aware of their own responsibilities within it.
